## Full-Stack JavaScript Developer

## Programming Languages

Photoshop  
Html/Css  
JavaScript  
Node.js

## Frameworks and Databases

Express.js      MySQL  
React.js  
jQuery  
Firestore  
Mongodb

## Technologies and Api's

Firebase  
Google Maps  
Gmail  
Git & Github  
CLI

## Education

Robinson High School  
1999-2003

## About Me

Hi, I am a Full-stack JavaScript developer with a strong understanding of vanilla programming. I major in JavaScript & Node.js, but I also have a firm comprehension of photoshop & html/css. I have over 3 years of experience using photoshop, html/css, javascript & node.js. I am also efficient in express.js & react.js as well as many other technologies.

## Projects

### The Plant Based Experiment

Photoshop, Html/Css, JavaScript, Firebase, Node.js

A website made for a vegan based diet. It is fully responsive, has a mobile menu, a faq section with an accordion slider and a mailer script that is ran with firebase functions and node.js.

Live Version: <https://the-plant-based-experiment.firebaseio.com>

Github Repository: <https://github.com/demetriusdesign777/The-Plant-Based-Experiment.git>

### JavaScript Firebase Nodemailer

Photoshop, Html/Css, JavaScript, Firebase, Node.js, Express.js

A contact form that sends in email to the user. Project is built with firebase cloud functions & node.js. The form is validated with javascript & firebase.

Live Version: <https://javascript-firebase-nodemailer.firebaseio.com/>

Github Repository: <https://github.com/demetriusdesign777/JavaScript-Firebase-Nodemailer.git>

### Menu Slider

Photoshop, Html/Css, JavaScript

An app mockup of a mobile home page with a slider menu & a full screen slider. The slider changes depending on the user's viewport.

Live Version: <https://portfolio-a7ee4.firebaseio.com/portfolio/Menu-Slider>

Github Repository: <https://github.com/demetriusdesign777/Menu-Slider.git>

### Accordion Menu Reveal Slider

Photoshop, Html/Css, JavaScript

An app that hides & shows divs. Made with css transitions to add simplicity & smooth animations.

Live Version: <https://portfolio-a7ee4.firebaseio.com/portfolio/Accordian-Menu-Reveal-Slider/>

Github Repository: <https://github.com/demetriusdesign777/Accordian-Menu-Reveal-Slider.git>

### Customized Switch Buttons

Photoshop, Html/Css

An app that has customized switch buttons.

Live Version: <https://portfolio-a7ee4.firebaseio.com/portfolio/Customized-Switch-Buttons>

Github Repository: <https://github.com/demetriusdesign777/Customized-Switch-Buttons.git>

\* All projects are fully responsive
